## DAILY STAFF MEETING

Wednesday, 3 October 1951

25X1

25X1 Colonel [ ] reported that he was holding up further prepara-  
25X1 tion of a paper [ ] pending receipt  
25X1 [ ] of an intelligence annex of a paper prepared by HICOG.  
25X1 (NOTE: A resume of this annex was recently received by cable from  
25X1 [ ] )

25X1 Mr. Reber raised the question of the dissemination of the  
25X1 Minutes of the PSB Meetings and stated that in his opinion an indi-  
25X1 vidual of CIA should be charged with furnishing DCI and D/DCI staff  
25X1 support on PSB matters. Mr. [ ] noted that the few papers we  
25X1 had received to date from the Board for comment had been sent to  
25X1 DD/P. After further discussion it was suggested that possibly Mr.  
25X1 [ ] could be appointed as the above-mentioned CIA Staff Support  
25X1 Officer. Mr. [ ] noted that in addition to this it might be  
25X1 wise to request DCI and/or D/DCI to discuss PSB meetings at the  
25X1 Deputies' Meeting, and he would undertake to furnish such discussions  
25X1 to the interested offices of the Agency.

25X1 Mr. Reber also raised the question of OCI/ONE relations and  
25X1 indicated that State was "unofficially afraid" that CIA intelligence  
25X1 productions taken as a bulk were beginning to smack of old ORE  
25X1 studies. In this connection, Mr. [ ] noted that Mr. [ ]  
25X1 was scheduled to survey both of these Offices and he would mention [ ]  
25X1 State's fears in this matter.
